S.B. No. 97

A BILL TO BE ENTITLED

AN ACT

relating to printing and graphic arts evaluations by the State
Purchasing and General Services Commission.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

SECTION 1. Article 11, State Purchasing and general Services
Act (Article 601b, Vernon's Texas Civil Statutes), is amended by
adding Section 11.06 to read as follows:

Sec. 11.06. PRINTING. (a) The commission shall assist
state agencies and assess and evaluate their printing and graphic
arts activities. It shall recommend changes designed to achieve
increased productivity and cost effectiveness of these operations.
Recommendations shall be reported to the appropriate associate
deputy director periodically as determined by the rules of the
commission.

(b) The commission shall:

(1) adopt standard accounting procedures that permit
the evaluation and comparison of the costs of printing operations
conducted by state agencies;

(2) competitively bid printing contracts with private
companies for a state agency whose requirements exceed the capacity
of other state agencies that provide these services;

(3) coordinate activities among state print shops;

(4) review state agency requisitions for new printing
equipment;

1 (5) serve as a resource to state agencies to expedite
2 the production of printing and graphic arts;

3 (6) maintain a current roster of state print shops and
4 their equipment, facilities, and special capabilities;

5 (7) serve as a clearinghouse for private vendors of
6 printing or graphic arts services; and

7 (8) coordinate the consolidation of print shops
8 operated by state agencies when consolidation is determined to be
9 appropriate by the agencies involved.

10 SECTION 2. This Act takes effect September 1, 1991.

11 SECTION 3. The importance of this legislation and the
12 crowded condition of the calendars in both houses create an
13 emergency and an imperative public necessity that the
14 constitutional rule requiring bills to be read on three several
15 days in each house be suspended, and this rule is hereby suspended.

By: Leedom S.B. No. 97
(In the Senate - Filed January 7, 1991; January 17, 1991,

**SENATE
State Affairs Committee**

**FISCAL NOTE
REVISED
February 11, 1991**

TO: Honorable Bob Glasgow, Chairman
Committee on State Affairs
Senate Chamber
Austin, Texas

IN RE: Senate Bill No. 97
By: Leedom

FROM: Jim Oliver, Director

In response to your request for a Fiscal Note on Senate Bill No. 97 (relating to printing and graphic arts evaluations by the State Purchasing and General Services Commission) this office has determined the following:

The bill would make no appropriation but could provide the legal basis for an appropriation of funds to implement the provisions of the bill.

The bill would require the State Purchasing and General Services Commission to assist agencies with their printing and graphic and arts activities. The commission would recommend changes designed to achieve increased productivity and cost effectiveness of these operations.

Specifically the commission would be required to adopt standard accounting procedures that permit the evaluation and comparison of the costs of printing operations conducted by state agencies; competitively bid printing contracts with private companies for a state agency whose requirements exceed the capacity of other state agencies that provide these services; coordinate activities among state print shops; review state agency requisitions for new printing equipment; serve as a resource to state agencies to expedite the production of printing and graphic arts; maintain a current roster of state print shops and their equipment, facilities, and special capabilities; serve as a clearinghouse for private vendors of printing or graphic arts services; and coordinate the consolidation of print shops operated by state agency when consolidation is determined to be appropriate by the agencies involved.

The probable savings to the State as a result of implementing the provisions of this bill cannot be determined, however a July 10, 1986 report on state printing operations by the printing industries of Texas under the direction of the Sub-Committee on Telecommunications and Printing of the Senate Committee on Agency Service Management, provided an analysis of existing state agency printing departments, made recommendations for increased efficiency, and projected the potential savings which might be realized.

The probable cost of implementing the bill to the State Purchasing and General Services Commission during each of the first five years following passage is estimated as follows:

<u>Fiscal Year</u>	<u>Probable Cost Out of the General Revenue Fund</u>	<u>Change in Number of State Employees from FY 1991</u>
1992	\$ 168,000	3
1993	150,000	3
1994	150,000	3
1995	150,000	3
1996	150,000	3

Similar annual costs would continue as long as the provisions of the bill are in effect.

No fiscal implication to units of local government is anticipated.

COMMITTEE COORDINATOR

By Leedom (Eckels)

BILL ANALYSIS**BACKGROUND INFORMATION:**

Texas has an investment in excess of \$23 million in 75 print shops scattered throughout the state and, in 1985, spent \$15 million on reproduction services. Considering labor costs, paper purchases, space allocation of almost 12 acres (515,000 square feet) of floor space, office equipment, and other miscellaneous supplies. Agency and university print shops are estimated to spend more than \$30 million each year. Overall, these combined operations would rank as one of the largest printing operations in Texas.

PURPOSE:

During the interim prior to the 70th Legislature, the Senate Committee on Agency Services Management developed information on this topic and concluded that there is no uniform measure of print shop performance for state printing operations. To correct this deficiency, the Committee recommended that a central authority be established within the State Purchasing and General Services Commission to coordinate and assist state agencies in their printing functions.

Rulemaking Authority

It is the opinion of the committee that SECTION 1, Sec. 11.06 grants to the commission the power to adopt rules relating to standard accounting procedures to evaluate and compare the cost of printing operations within state agencies.

SECTION BY SECTION ANALYSIS:

SECTION 1. (a) The Commission is directed to assist other state agencies and to assess their printing activities to increase productivity and cost effectiveness.

(b) Among the activities the Commission would perform would be

(1) adopting standard accounting procedures that permit the evaluation and comparison of the costs of printing as conducted by state print shops and private printing companies;

(2) coordinating activities among state print shops;

(3) reviewing state agency requisitions for new printing equipment; and

(4) serving as a resource to state agencies to expedite the production of printing and graphic arts;

(5) maintaining a current roster of state print shops, their equipment, facilities, and special capabilities;

(6) serving as a clearinghouse for private vendors of printing services; and

(7) coordinating the consolidation of print shops operated by state agencies when consolidation is determined to be appropriate by the state agencies involved.

(8) Develop procedures for the recovery of the commission's reasonable costs under provisions of Chapter 317, Government Code, State Budget Execution, out of amounts appropriated to state agencies in which savings are identified or achieved.

SECTION 2. This Act takes effect September 1, 1991.

SECTION 3. Emergency clause.

SUMMARY OF COMMITTEE ACTION

The Committee on State Affairs met in a public hearing on May 6, 1991 to consider S.B. 97. Committee amendment #1 to S.B. 97, which changes "shall" to "may" in lines 8, 10, and 15 of page 1, was offered and adopted without objection. A motion to report S.B. 97 to the full House with an amendment and with the recommendation it do pass and be sent to the Committee on Local and Consent Calendars, carried by a record vote of 10 Ayes, 0 Nays, 0 PNV, and 3 Absent.

LEGISLATIVE BUDGET BOARD
Austin, Texas

FISCAL NOTE

March 27, 1991

TO: Honorable James E. "Pete" Laney,
Chair
Committee on State Affairs
House of Representatives
Austin, Texas

IN RE: Senate Bill No. 97, as engrossed
By: Leedom

FROM: Jim Oliver, Director

In response to your request for a Fiscal Note on Senate Bill No. 97, as engrossed (relating to printing and graphic arts evaluations by the State Purchasing and General Services Commission) this office has determined the following:

The bill would make no appropriation but could provide the legal basis for an appropriation of funds to implement the provisions of the bill.

The bill would require the State Purchasing and General Services Commission to assist agencies with their printing and graphic and arts activities. The commission would recommend changes designed to achieve increased productivity and cost effectiveness of these operations.

Specifically the commission would be required to adopt standard accounting procedures that permit the evaluation and comparison of the costs of printing operations conducted by state agencies; coordinate activities among state print shops; review state agency requisitions for new printing equipment; serve as a resource to state agencies to expedite the production of printing; maintain a current roster of state print shops and their equipment, facilities, and special capabilities; serve as a clearinghouse for private vendors of printing services; coordinate the consolidation of print shops operated by state agency when consolidation is determined to be appropriate by the agencies involved and develop procedures for the recovery of the commission's reasonable cost.

The probable savings to the State as a result of implementing the provisions of this bill cannot be determined, however a July 10, 1986 report on state printing operations by the printing industries of Texas under the direction of the Sub-Committee on Telecommunications and Printing of the Senate Committee on Agency Service Management, provided an analysis of existing state agency printing departments, made recommendations for increased efficiency, and projected the potential savings which might be realized.

The probable cost of implementing the bill to the State Purchasing and General Services Commission during each of the first five years following passage is estimated as follows:

<u>Fiscal Year</u>	<u>Probable Cost Out of Identified Savings (Other Fund)</u>	<u>Change in Number of State Employees from FY 1991</u>
1992	\$168,000	3
1993	150,000	3
1994	150,000	3
1995	150,000	3
1996	150,000	3

Similar annual costs would continue as long as the provisions of the bill are in effect.

No fiscal implication to units of local government is anticipated.
